The playground committee is working on some fun and exciting fundraisers to take place in 2017 !! We will be revealing more details in January 2017!

**Rocanville Playground Committee**  
The current wooden play structure is 30 plus years old and is beyond repair. Playground equipment is very, costly and we have been working hard at this but still have a long way to go.

This project will be funded solely by donations and fundraising efforts. Some of the fundraisers that are coming up include:

- Spring Family Bingo
- Hot lunches

This structure will bring joy to the community for many years to come! If you would like to make a donation, please send a cheque made out to Rocanville Playground Committee to:

**Committee to:  
Box 450  
Rocanville, SK  
S0A 3L0**

And a big thank you goes out to everyone who has already contributed!

## STRETCHING YOUR BONUS

### Things to keep in mind before spending your next bonus.

*Chances are you've already spent* the bonus you've been expecting- in your imagination, anyway. It's not hard for most people to come up with ways to spend a lump sum of money.

Before rushing out to spend your next yearly bonus make sure you keep in mind that you haven't paid tax on it yet. Typically, the government will withhold taxes based on your top marginal rate. So, if your top tax rate is 43 percent that \$10,000 bonus could turn into \$5700.

There are ways you can defer paying tax on your bonus. Consider having your company transfer the full amount of your bonus directly to your RRSP, assuming you have sufficient contribution room. That way you'll avoid paying taxes on it until you withdraw the funds. Speak to the person at your company in charge of payroll to make the necessary arrangements.

#### *Responsible spending*

If you decide to use the money now, here are some suggestions to help you ensure you'll have something to show for that money in the longer term:

- Pay down debts, starting with those that are not income tax –deductible. For example, student

loans are generally deductible, as are loans taken out to make investments, whereas credit card debt is not.

- Pay down your mortgage. Every time you reduce your mortgage you save money in interest.
- If you don't own a house yet, consider setting up a high-interest bank account to save for your first home.
- Deposit the money into your Tax-Free Savings Account.
- Contribute to your RRSP. Not only will you be contributing to your retirement savings but you could also get money back on your income tax return.
- Buy yourself something substantial that you've been waiting for and which will enhance your quality of life for some time. Maybe now is the time for that home renovation project.
- Consider making a gift to a charity or a political party. Both of these options offer tax credits.
- Start an RESP for your child or a niece/nephew, or grandchild or

contribute to one that already exists.

Get me a call today if you are looking for more information and tips on how you can make the most of this year's bonus.
