2018 TAX LEVY

The 2018 Tax notices will be arriving shortly. Council has taken the decision to keep the minimum tax for all land and properties at \$1,700 for 2018. Which means there is no increase in your taxes unless improvements have been carried out in the last year.

2018 Tax levy will generate \$710,400.

Any questions please contact the Town office.

**PLEASE NOTE THAT THE TOWN HAS NO CONTROL
OVER THE INCREASE IN SCHOOL TAXES.**

2018 BUDGET

The 2018 Budget was set at the Council meeting held on the 6th June.

Council has again tried to keep spending to a minimum as a result of further Provincial Government reduced funding.

Sask Energy Grant-in-Lieu re-instated approx. \$22,000
Revenue Sharing \$12,500 less than 2017 a drop of \$25,000 in two years.

Major funding expenses for 2018 are:-

\$140,000 for annual street repairs

\$60,000 Qu'Appelle Ave water main replacement

\$95,800 to Red Coat Waste to cover garbage and recycling collection within the Town

\$38,000 to cover RCMP contract

\$22,500 to cover the cost of street lights

\$235,000 to cover lift station and waste water upgrades

Please ensure that all sump pumps are being pumped out onto your yard or to the street. We allow that sump pumps be pumped into the sewer only during winter months. Pumping directly into the sewer could overload our Lift Stations during storms.

When mowing your lawns, please make sure that the clippings aren't blown onto the streets. This can cause problems with the Lift Stations.

Webster Union Cemetery

Annual Meeting

Wednesday, July 11, 2018

R.M. of Rocanville Board Room

10:00am

Webster Cemetery is run by a Board of Directors, a very capable caretaker team plus an occasional ‘work bee’ when needed. Our Cemetery looks great. We think you would agree. We are looking to have new board members join in to help with decisions concerning the Cemetery. If this is something that is of interest to you, come to the meeting if you can. If a day time meeting is not suitable, please let us know of your interest as we are interested in having you! This involves only about one meeting per year.

We hope to see you July 11th. Inquiries or other interest can be directed to Chris Watson, President, by calling (306) 645 4540 or Glenda Brown, Secretary/Treasurer (306) 435 6492

Webster Cemetery’s Board of Directors

Our Cemetery is funded solely by plot sales and donations from kind folks like you! Please keep us in mind when you are making your community contributions! Donations can be mailed to Box 790, Rocanville, SK S0A

MEMORIES

June 16th, 2018

**COMMUNITY
DAYS
2018**

Our family would like to say a big thank you to everyone for the amazing support we have been given this past year. Thank you for all the meals, food, messages, texts, donations, cards, gifts, flowers, childcare, prayers, clothing, and so much more. We truly are thankful for you all.

We would like to send a special thank you to all the amazing people who made the benefit so wonderful, and to all the people who were there to support our family.

A heartfelt thank you goes to all the organizers, volunteers, people that graciously donated food, cooked the food, all the people and businesses that donated auction items, and to all the amazing people that donated their time to make the benefit so special! Thank you to the bands that played, you both were fantastic and kept the night going.

Thank you to all the derby players, announcers, coaches, refs, NSO and volunteers that made the derby game happen. You all are so wonderful.

We would like to thank the community, local businesses, family and friends for the ongoing support, kindness and generosity. We are so very grateful to all of you.

**ALWAYS BELIEVE

ON THE ROAD AGAIN

ARE YOU BETTER OFF BUYING OR LEASING?

If you're in the market for a new set of wheels, choosing the make and model may be the easy part. Deciding whether to buy or lease is typically the real challenge. Each has its advantages, but what's right for you depends entirely on your personal situation, finances and long-term plans.

When you purchase a car, you either pay for it in full or pay a portion of the price in the form of a down payment. A loan is arranged for the balance, and you make monthly payments until the loan is paid off. If you lease, rather than pay the full purchase price of the vehicle, you pay (or borrow) only the amount that the car will depreciate over the term of the lease. This smaller amount means the monthly payments for a lease are usually lower than for a purchase.

Lower payments can seem pretty compelling, but that's not the end of the story. When a lease term finishes, you don't have equity in the car. At that point, you have the option of buying the car for the residual amount or returning it and moving on to a new car and lease-and another term of monthly payments. In contrast, when you purchase a car, your monthly payments end when the loan is paid. You then own the car, free and clear, and you can drive it for the life of the vehicle or sell it.

Factors to consider A car lease has a fixed term, usually between two to four years, with your monthly costs calculated based on the term. Do you need the car for only a year or two? Can you foresee any reason you might not need the car before the lease term is up? If so, think again. Getting out of a lease early can incur costly penalties, so make sure you can maintain the payments for the entire term.

Finances

Making a larger down payment can lower the sales tax you pay on a lease, or significantly lower your monthly payments if you buy. If you want to lower your monthly payments to boost your cash flow, leasing might work best given that monthly payments are usually lower. Still, leasing means that you'll always have those monthly payments. If you purchase, you could have several years of vehicle use after the loan is paid off.

Kilometres

Lease terms often include mileage limits. Go over the maximum, and you might have to pay penalties. If you'll be driving a lot, try to negotiate a higher mileage limit before signing the lease. Failing that, you'll need to work out the cost of exceeding any limits and factor that in to your overall budget.

Wear and tear

A lease sets limits on how much wear and tear is acceptable and charges extra fees if the car has any damage. If you have kids or animals riding in the car regularly, it might be better to opt for purchasing. The excess wear and tear charges could eat in to money you've set aside for a down payment on your next car, resulting in higher monthly payments and a higher overall leasing cost.

Maintenance

With a lease, you get a new car every few years, which means fewer worries about its reliability. Maintenance is included in your warranty. If you won, you'll have to pay for ongoing maintenance and repairs as the car ages.

While buying a car is almost always cheaper in the long run, a lease might suit your personal situation better. If you do consider a lease, know what you're getting into. Review all the details in your lease agreement-including options and penalties that apply. Before you make a decision you can always call us to discuss and figure out the best option for you.
